# Wine Collection

A lot of dedication was put into preparing this wine list to ensure that the wines we offer reflect the high standards of our restaurant and complement the menu.

Our in-house sommelier is constantly on the lookout for new wines that could be added to our wine list. If you find that a personal favourite type or brand of wine is missing, please let us know.

If you need any help in deciding what wine to have, please ask one of the team members who will be delighted to offer you suggestions according to the dishes you chose for your lunch or dinner.

Malta's wine industry collects more than 90 per cent of its bottles, reusing them time and again saving on recycling costs and $co^2$ emissions due to less transportation. As part of our initiative to reduce our carbon footprint, we try our best to stock most of our local wines bottled in reusable bottles. All wines marked with eco are bottled in reusable bottles. All other bottles are disposed of separately for recycling.

## Wines of the Month

Every month, our in-house sommelier picks out special wines that complement a number of our seasonal dishes. This month we have two great Chilean wines to choose from. Please note that these wines are not on our Phoenix wine list

The **Santa Rita Sauvignon Blanc** is crisp and refreshing. It has aromas and flavours of citrus fruits such as grapefruit and lemon peel that lend a fresh balance to the tropical fruit character and the typical herbal notes from the 2% of Semillon in the blend. It is vibrant, fresh, deep, and well-rounded on the palate.

Just like in most of Chilean **Cabernet Sauvignon** wines, the aroma is predictably rich and fruity, with a smoked meaty component. Bitter and mildly peppery flavours in combination with coarse and rather coarse tannins (from grapes, but from wood as well) are dominating, and it has to be admitted that they conceal other flavours, so it takes a little effort and skill to reach the fruity flavours (predominating cherry and sour cherry).
